

## **Project Name: The Petal Theory**

### ***[Project Tagline / Short Description]***

**The Petal Theory is a premium design boutique that creates bespoke wedding invitations inspired by each couple's love story. Through the symbolic language of flowers, every relationship is translated into a unique floral identity and elegant visual design. The brand offers a personal, artistic, and meaningful alternative to traditional wedding invitations.**

### **Team Members and Roles:**

- Hazem Zidan
  - Yasmeen Badr
  - Mayan Essam
  - Romiassaa Hosny
- 

### **Instructor**

Dr.Tamer El-Moghazy

---

### **Project Overview**

The project focuses on building a luxury wedding stationery brand that combines storytelling, floral symbolism, and bespoke design. Through a personal discovery process, each couple's story is translated into a unique visual concept. The final outcome is a refined invitation suite that reflects the couple's identity, emotions, and wedding atmosphere. The aim is to position the brand as a distinctive, premium alternative in the wedding design market.

---

### **Project Objectives**

- Objective 1: Create a unique wedding invitation brand that combines storytelling, floral symbolism, and elegant design.
- Objective 2: Offer a personalized design experience where each couple's story is translated into a meaningful floral concept.
- Objective 3: Build strong brand awareness through Instagram, visual storytelling, and wedding industry partnerships.

- Objective 4: Position The Petal Theory as a premium alternative to traditional and template-based wedding invitations.
- 

**Final Deliverable:** Describe the final output of the project
